

# Prescribed Grazing

August 2, 2023  
6:30-9:00pm EST  
\$10 registration fee

Learn how  
prescribed grazing  
can be a  
useful tool in forest  
management.

## Learn:

- ◆ History and background of prescribed grazing
- ◆ What prescribed grazing is
- ◆ Prescribed grazing as a tool to control invasive brush
- ◆ Impacts on native vegetation
- ◆ Necessary equipment
- ◆ Costs associated with prescribed grazing
- ◆ Caring for goats in the wild
- ◆ Incorporating prescribed grazing into an invasive species management program
- ◆ Herd for hire opportunities
